2. Prohibition

Bullying of students occurring in schools is prohibited by law and will not be tolerated by [insert school name]. Bullying can take many forms and can occur in any setting. Bullying can include, but is not limited to, intimidation such as name calling or threatening; social alienation such as shunning or spreading rumors; or physical aggression such as assaults on a student or attacks on a student's property. Bullying can create an atmosphere of fear for all members of the school community. It also can create unnecessary and unwarranted anxiety that affects the ability of a student to attend school, learn in school, walk in school corridors, eat in the school cafeteria, play in the school yard or recreation areas, participate in or attend special or extracurricular activities or travel to and from school. Bullying behaviors that are not addressed can lead to devastating consequences for young people, including depression, drops in school performance and attendance. The failure to address bullying behaviors also gives other students the message that it is permissible to engage in negative behaviors.

Consistent with state law, HCCPS recognizes that certain students may be more vulnerable to becoming a target of bullying or harassment based on actual or perceived differentiating characteristics, including: race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have one (1) or more of these characteristics.

3. Process and Response

HCCPS takes allegations of bullying seriously and will respond promptly to complaints and allegations of bullying. Additionally, allegations of retaliation against a person who reports bullying, provides information during an investigation of bullying or witnesses or has reliable information about bullying also shall be taken seriously and HCCPS will respond promptly to such complaints and allegations.

If any student, parent/guardian of a student, staff member or other community member believes that a student has been subjected to bullying, or to retaliation for reporting bullying, providing information during an investigation of bullying or witnessing or having reliable information about bullying, he or she should bring the matter to the attention of the the Director of Teaching and Learning of the school where the child attends. This may be done verbally or in writing. Reports of bullying and/or reports or retaliation for reporting bullying, providing information during an investigation of bullying or witnessing or having reliable information about bullying also may be made anonymously to the Director of Teaching and Learning where the child attends. Please note; however, that no disciplinary action shall be taken against a student solely on the basis of an anonymous report having been received.

Where it is determined that inappropriate conduct has occurred, HCCPS will act promptly to eliminate the conduct and will impose corrective action as necessary, which may range from requiring the aggressor to work with school personnel on better behavior, the recommendation for the provision of counseling or other therapeutic services and/or disciplinary action where appropriate, up to and including suspension, expulsion and/or court involvement. Additionally, consistent with state law, if it is determined that bullying or retaliation has occurred, the Director of Teaching and Learning shall (i) notify local law enforcement if the Director of Teaching and Learning believes that criminal charges may be pursued against the aggressor; (ii) take appropriate disciplinary action; (iii) notify the parents/guardians of the aggressor; and (iv) notify the parents/guardians of the target/victim; and, to the extent consistent with state and federal law, notify them of the action taken to prevent any further acts of bullying or retaliation.

Furthermore, if it is determined that a student has knowingly made a false accusation of bullying or retaliation, he/she shall be subject to discipline, up to and including suspension, expulsion and/or court involvement. All students shall be afforded the same protection regardless of their status under the law.

In notifying the parents/guardians of the target and the aggressor, the Director of Teaching and Learning must comply with the confidentiality requirements of the Massachusetts Student Record law and regulations and the Federal Family Education Rights and Privacy Act and corresponding regulations. More specifically, the Director of Teaching and Learning may not disclose information from a student record of a target or aggressor to a parent/guardian unless the information is about the parent/guardian's own child. The Director of Teaching and Learning may disclose a determination of bullying or

retaliation to a local law enforcement agency without consent of a student or his/her parent/guardian but the Director of Teaching and Learning shall communicate with law enforcement officials in a manner that protects the privacy of targets, student witnesses and aggressors to the extent practicable under the circumstances.

Additionally, if the Director of Teaching and Learning has determined that there is an immediate and significant threat to the health or safety of the student or individuals, the Director of Teaching and Learning may disclose student record information about a target or aggressor to appropriate parties in addition to law enforcement in connection with a health or safety emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. In this latter situation, the disclosure is limited to the period of the emergency and the Director of Teaching and Learning must document the disclosure and the reasons that the Director of Teaching and Learning determined that a health and safety emergency exists.

4. Bullying Prevention and Intervention Plan

The Director of Teaching and Learning will develop and keep updated on at least a biennial basis as required by law, a plan to address bullying prevention and intervention. Such plan shall, as required by law, be developed in consultation with teachers, school staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, parents and guardians.

The HCCPS's Bullying Prevention and Intervention Plan will address training and professional development for staff and will also address sharing information with parents/guardians and students about bullying and sharing information with students about bullying, including information on prevention of bullying, reporting of bullying and the potential legal consequences of engaging in bullying. Additionally, the Bullying Prevention and Intervention Plan will include specific steps that schools will take to support vulnerable students and to provide all students with the skills, knowledge and strategies needed to prevent or respond to bullying and harassment.
